Detroit, MI 48206

A compassionate approach to addiction and mental illness recovery. Our programs are designed to capitalize on your strengths and coach you through all stages of change in an outpatient or residential setting.

**Help (313) 305-7040**

*Most insurances and MCPNs accepted*

## What We Do

We provide addiction counselling services to the dually-diagnosed individual that is also suffering from a mental illness. Our services are conducted in an outpatient and/or residential setting.

## We help those that others have given up on!

- Motivational interviewing through the stages of change
- CARF accredited group programming
- Outcome-based services
- Welcoming and inviting environment
- Empowering the participant to take control of their recovery

## Our Success Stories

### Our story

JABEZ is indicative of divine intervention and expansion of ones personal territory. When life would otherwise tell you that you have gone as far as you can and that you have used up all of your chances...JABEZ Recovery Management Services is here to help!

K. Bryce came to us when he was 22 years old and addicted to street drugs, while battling a newly diagnosed illness of schizophrenia. He lived in our residential program for 87 days and has been in recovery for the past 3 years.

- Aftercare is part of our curriculum
- Coordinating with primary care and other providers of our mutual clients is a key component...servicing the whole person
- Electronic chart monitoring for efficiency and improved coordination
- Participants actually recover...but remain a part of our family for life

We become family for life
